Summary of reasons for decision:

The image is a sexual computer generated animation frame from a website promoting incest. It depicts a man and a girl in a room as sexual activity is about to commence. Their exchange details that they are father and daughter. The image is intended to arouse persons with a sexual interest in children and young persons and the exploitation of children and young persons by family members. It validates that interest by representing a young girl as sexually desirable and sexually available for adult gratification.

The classification of this publication interferes with the freedom of expression, but this is an outcome that is consistent with Parliament's intention that publications falling under s 3(2)(a) are deemed to be objectionable. This is a reasonable limitation on the freedom of expression that reflects the concern of "a free and democratic society" to limit the availability of publications that promote and support the exploitation of children and young persons for sexual purposes.
